HTML Level Two

HTML - Level Two

Django Bootcamp

- We've reached Level Two of HTML!
- In this section will consist of:
  - Tables
  - Tables Quiz
  - Forms
  - Assessment Test

PIERIAN DATA

Django Bootcamp

- Once we've finished this section we will be ready to dive into CSS!

- While HTML may seem pretty basic (and possibly boring) at first, we need it to build a good foundation for our knowledge later on!
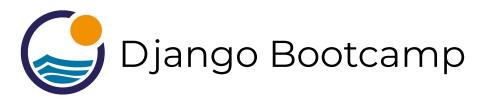

Django Bootcamp

- Let's get started!

Part 1 Tables

HTML - Level Two

PIERIAN DATA

- Tables in HTML consist of several tags working together:
  - \<table>
    - \<thead>
      - \<th>
    - \<tr>
      - \<td>

- Let's construct a table to understand all of this!

Part 2 Tables Quiz

HTML - Level Two

Django Bootcamp

- Open the txt file inside of the HTML Level Two folder called:
  - Part2_Table_Quiz.txt
- For this exercise you will be creating a table based off the information provided
- Let's take a quick look!

Part 3 Tables Quiz Solutions

HTML - Level Two

Part 4 Forms Basics

HTML - Level Two

PIERIAN DATA

Django Bootcamp

- Creating Forms in HTML revolves around the <input> tag.
- We will look at various types of inputs for forms and how we can use them to accept user input.

Django Bootcamp

- Forms will be a key component of Django later on, but in order to understand how to use them with Django, we need to fully understand them with just HTML.
- Let's get started with some examples!

Part 5: Forms and Labels

HTML - Level Two

PIERIAN DATA

- We've explored basic input tags, but now we want to understand how to connect these tags to two features:
  - Actions
  - Labels

Django Bootcamp

- The use of the label tag will allow you to add labels in front of an input in your HTML form.
- We will also explore how to activate actions upon clicking submit.
- Let's go through some examples!

Part 6 - Form Selections

HTML - Level Two

Django Bootcamp

- Let's continue exploring the variety of input methods for forms, such as:
  - Radio Button (Linked)
  - Drop Down Menus
  - Text Area Inputs
- Let's get started!

Django Bootcamp

- For this assessment you will be recreating the front end of a basic sign-up page for an online course.
- Check out the file:
  - HTML_Level_Two_Assessment.html
- Let's explore it before you begin!
